

Mighty Kidz 

BOUTIQUE EARLY LEARNING

Parent Information Packet

experience baby CURRICULUM

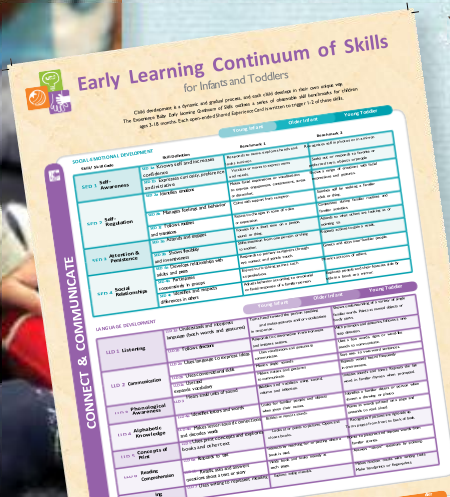

Your child will participate in a nationally recognized education program that is designed uniquely for infants from birth to 18 months. Experience Baby Curriculum is an infant curriculum that supports relationship-based play and discovery. As your child participates in this program, they will:

- Build emotional connections that are key for developmental growth.
- Have access to specialized sensory tools and toys that invite them to explore and make sense of their environment.
- Engage in playful activities that stimulate their brain and support their development of 23 foundational skills.

Individualized Play and Learning for Continued Growth

Your child's teacher will use books, puppets, music and toys to help your child develop the 23 foundational skills connected to emotional, language, physical and cognitive development. As our child grows, the Experience Baby Curriculum helps the teacher individualize the experience and increase the challenge so that your child is constantly learning at their unique pace.

Beyond Bottles and Diapers: A Full Infant Education Program

Beyond the typical bottle and diaper tracking, you will receive a daily journal where you will see which activities your child engaged with and learn about the skills they gained throughout the day from the purposeful play.

Your child's brain doubles in size during their first year and is at 90% of its adult size by age 5. Research has shown that the quality of a child's experiences in the first few years significantly shapes how their brains develop into adulthood.

It is the goal of Experience Baby Curriculum to build meaningful **shared experiences between infants and nurturing adults.** To ensure that your child benefits from the latest teaching methods and the highest quality tools for hands-on learning, your child's teacher receives a new Experience Baby Teaching Kit every month. Each month features a new theme and 36 play-based activities to explore with your child.

With Experience Baby Curriculum, your child will be busy learning from birth through 18 months!

experience toddler CURRICULUM™

Your child will participate in a nationally recognized educational program that is designed uniquely for toddlers. Experience Toddler is a research-based curriculum that supports your child's rapidly growing curiosity. As your child participates in this program, they will:

- Build relationship skills and learn to express their feelings.
- Have access to specialized books, tools, art materials and toys that invite them to investigate new concepts and build vocabulary.
- Engage in playful activities that stimulate their brain and support their development of 35 foundational skills.

NEW THEMES EVERY MONTH!

Every month, your child will explore a new and exciting theme. Each week begins with a new storybook. Your child will build strong literacy skills as well as listening comprehension, book handling and communication skills. Each story will be expanded into math games, music activities and art projects.

Hands-on Learning through Play

Your child's teacher will use books, puppets, music, blocks, puzzles and manipulatives to inspire a love of learning. While your child plays, they will naturally build foundational skills. These skills are interwoven within 7 developmental domains:

- social-emotional
- physical and motor
- language and literacy
- math and reasoning
- science
- social studies
- creative arts

Stay Connected Each Step of the Way

The family newsletters help you stay connected to your child's learning each week. These newsletters explain all the daily activities your child engaged with throughout the week and explains the skills they gained. The newsletter also includes a fun activity suggestion that you can try at home to continue the learning.

At the core of all learning is a trusting and loving relationship. Experience Toddler Curriculum is designed to help you and the teacher embrace your child's unique potential and connect with their expanding curiosity about our diverse and beautiful world.

Individualized Play and Learning for Continued Growth

As your child grows, the Experience Toddler Curriculum helps the teacher individualize the experiences and increase the challenges so that your child is constantly learning at their unique pace. Your child's progress is tracked with their individualized assessment form and personalized portfolio.

Your child's teacher participates in monthly professional development and receives a new Experience Toddler teaching kit each month to ensure that your child benefits from the latest teaching methods and the highest quality tools for hands-on learning.

Your child's brain doubles in size during their first year and is at 90% of its adult size by age 5. Research has shown that the quality of a child's experiences in the first few years significantly shapes how their brains develop into adulthood.

Get ready for a year of growth!

experience preschool CURRICULUM

Experience Preschool is a **research-based** curriculum that supports your child's rapidly growing curiosity. As your child participates in this **nationally recognized** program, they will:

- **Build friendship skills** and learn to how to express their feelings.
- Have access to specialized books, science tools, art materials, games and math manipulatives to encourage **problem-solving and creative thinking**.
- Engage in daily routines and activities that support brain development while also building the **self-regulation and attention span** needed for long-term school success.

HANDS-ON LEARNING THROUGH PLAY

Your child's teacher will use books, puppets, music, blocks, puzzles and manipulatives to inspire a love of learning. While your child plays, they will naturally build 35 foundational skills. These skills are interwoven within 7 developmental domains:

- social-emotional
- physical
- language and literacy
- math
- science
- social studies
- creative development

New Themes Every Month!

Every morning at Circle Time, your child's teacher will reveal the topic of the day. There are 20 topics related to the new thematic study every month. Throughout the day, they will investigate these topics through hands-on projects, art and music. We believe every child is an artist, engineer and tinkering genius. Get ready to see a lot of your child's hard work coming home and displayed on the walls in your school. We are excited to get to know your child's unique brilliance as we learn together, hand in hand.

Get ready
for a year filled
with curiosity
and growth!

Individualized Play and Learning for Continued Growth

As your child develops, the Experience Preschool Curriculum helps the teacher individualize the experiences and increase the challenges so that your child is constantly learning at their unique pace. Your teacher will follow your child's progress with an embedded assessment tool.

Your child's teacher participates in monthly professional development and receives a new Experience Preschool teaching kit each month to ensure that your child benefits from the latest teaching methods and the highest quality tools for hands-on learning.

Your child's brain doubles in size during their first year of life and is at 90% of its adult size by age 5. Research has shown that the quality of a child's experiences in the first few years significantly shapes how their brains develop into adulthood.

Experience Preschool Curriculum is designed to support you and the teacher to embrace your child's natural sense of wonder and help them reach their unique potential as they discovers our diverse and beautiful world.

Week 4: Storms

Dates Unassigned

Theme Preschool: Weather & Seasons

<p>Thunderstorm We can hear thunder and see lightning. Thunder is the sound we hear when lightning strikes and the air around the bolt moves very quickly. We use umbrellas when it is raining or storming outside.</p>	<p>Hail Hail is made up of ice balls that fall from clouds. They can be as small as beans or as large as golf balls. Hail can create loud sounds when hitting objects.</p>	<p>Tornado Tornadoes occur when warm and cold air start to rotate and twist together. Usually a tornado is not able to be seen until it starts picking up dirt and debris that form a visible, funnel-like vortex.</p>	<p>Hurricane Hurricanes are tropical storms that have strong winds and heavy rain. People call the center of the hurricane the "eye of the storm." The center of a hurricane is calm. When viewed from space, hurricanes can look like swirl marks.</p>	<p>Floods A flood occurs when there is suddenly a lot of water with no place to go. Floods happen all over the world. Causes of floods include hurricanes, rapidly thawing snow and heavy rain. A flood can occur in minutes, hours, days or over several weeks.</p>
--	---	---	--	---

Circle Time

<p>Large group • Discussion Thunderstorm Talk about what happens during a thunderstorm. LLD2 Communication</p>	<p>Large group • Discussion Hail Talk about hail and safety. LLD2 Communication</p>	<p>Large group • Discussion Tornado Talk about tornadoes and twirl around the room. LLD2 Communication</p>	<p>Large group • Discussion Hurricane Talk about hurricanes and the calm "eye." LLD2 Communication</p>	<p>Large group • Discussion Flood Talk about floods and flooding. LLD2 Communication</p>
<p>Large group • Game Patience Bracelets Share friendship bracelets and demonstrate a loud storm. SED1 Self-Awareness SED4 Social Relationships SS1 Culture & Community</p>	<p>Large group • Game Hail Balls! Listen to a song and pass balls around a circle. PD1 Gross Motor SED4 Social Relationships</p>	<p>Large group • Game Twisters Create twisters by flipping bottles to funnel water. SCI3 Physical Science SED2 Self-Regulation</p>	<p>Large group • Game Eye of the Hurricane Practice what it looks like to have a calm mind and body. CA4 Drama LLD1 Listening SED2 Self-Regulation</p>	<p>Large group • Game Moving Like Water Identify shapes and discuss flooding. MR3 Shapes SED4 Social Relationships</p>

STEAM

<p>Centers • Outside discovery Static Electricity Explore rubbing cups on hair to create electricity. SCI4 Technology</p>	<p>Centers • Sensory Rolling Hail Explore ice cubes and roll "hailstones." SCI3 Physical Science</p>	<p>Centers • Blocks Tornado Bottle Investigate the tornado bottles. SCI2 Natural & Earth Science</p>	<p>Centers • Dramatic play Hurricane Disaster Build block towers and knock them down with a "hurricane." SCI3 Physical Science</p>	<p>Centers • Science & nature Flooding Bowls Explore creating floods with blocks in water. SCI2 Natural & Earth Science</p>
---	--	--	--	---

Creative Corner

<p>Centers • Art Thunder Shaker Create a thunder shaker and play the instrument. CA1 Music MRS Patterns</p>	<p>Centers • Art Hail! Create hail art with rubber balls and paint. CA3 Visual Arts SCI3 Physical Science</p>	<p>Centers • Art Tornado Twirler Create and design a tornado twirler. CA3 Visual Arts PD1 Gross Motor PD3 Safety</p>	<p>Centers • Art Hurricane! Create hurricane art with shaving cream and paint. PD2 Fine Motor SCI2 Natural & Earth Science</p>	<p>Centers • Art My Portfolio Choose favorite projects from the month and decorate the portfolio page. CA3 Visual Arts SED1 Self-Awareness</p>
--	--	--	---	---

Workshop

<p>Small group • Game Lightning Letters Create letters with foil. LLD4 Alphabetic Knowledge LLD7 Writing PD2 Fine Motor</p>	<p>Small group • Game Counting Hail Make hail balls and sort them by size. MR4 Measurement MR1 Number Sense PD2 Fine Motor</p>	<p>Small group • Game Twisting to Letters Create words with the Word Puzzle Mats. LLD4 Alphabetic Knowledge PD1 Gross Motor</p>	<p>Small group • Game Strong House! Practice counting while building a house. MR7 Logic & Reasoning MR1 Number Sense</p>	<p>Small group • Game Raindrop Writing Identify letters to write on raindrops. CA3 Visual Arts LLD7 Writing</p>
<p>Small group • Game All-Day Storm Create raindrops and lightning with fingerpaint. LLD7 Writing MRS Patterns</p>	<p>Small group • Game My Postcard Create a weather postcard. LLD7 Writing SED1 Self-Awareness</p>	<p>Small group • Game Cutting Twisters Draw a swirl and create a twister. MR3 Shapes PD2 Fine Motor</p>	<p>Small group • Game Letter U Paper Create rain drops on the Letter U Coloring page. LLD7 Writing PD2 Fine Motor</p>	<p>Small group • Game Sink or Float? Experiment with items to predict whether they will float or sink. LLD2 Communication SCI1 Investigation & Inquiry</p>

Storytime

<p>Large group • Story Thunder-Boomer! Listen to a story and play with the thunder shakers. LLD6 Reading Comprehension</p>	<p>Large group • Story Thunder Cake Listen to and discuss a story. LLD6 Reading Comprehension</p>	<p>Large group • Story Oh Say Can You Say What's the Weather Today? Listen to a story and discuss weather. LLD6 Reading Comprehension SS4 History & Sense of Time</p>	<p>Large group • Story Cloudy with a Chance of Meatballs Listen to a story and talk about favorite weather. LLD6 Reading Comprehension</p>	<p>Large group • Story When the Storm Comes Talk about what to do when a storm comes and listen to a story. LLD6 Reading Comprehension</p>
--	---	--	--	--

Music & Movement

<p>Large group • Song Thunderstorm Listen to a song and make up movements. CA1 Music PD1 Gross Motor</p>	<p>Large group • Song Hail Bounce Listen to a song and dance while tossing "hail." CA2 Dance & Movement PD1 Gross Motor</p>	<p>Large group • Song Tornado Listen to a song and twirl like a tornado. CA2 Dance & Movement PD1 Gross Motor</p>	<p>Large group • Song Little Hurricane Sing a song and dance to the suggested movements. CA2 Dance & Movement LLD1 Listening</p>	<p>Large group • Song Changing Seasons Listen to a song and talk about weather sounds. CA2 Dance & Movement PD1 Gross Motor</p>
